

Forklift Electrical Parts

Electrical Part for Forklifts - Lift trucks can be purposely marked for use in hazardous places. A marked lift truck denotes the design has met the minimum requirements of ANSI/UL 558 intended for engine powered trucks or ANSI/UL 583 for electric forklifts for the type of label attached.

Applications for marked trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Type Designations, Areas of Use, and Maintenance and Operation. Ask your local insurance carrier and Fire Marshall for additional information concerning the approved uses of industrial powered lift trucks in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels could be attached. A marked truck would have the model designation placed on the lift truck nameplate and will have one of the following labels placed.
